

## Why become a lifeguard?

Being a lifeguard is much more than sitting in a chair watching the pool. Lifeguards become a close team of people you can count on. Lifeguards get to learn about the water chemistry of pools and what it takes to keep a pool clean. You learn how to teach people to be safe in and around the water. Lifeguards teach accident prevention and water safety, learn life skills all while having fun and collecting a paycheck. Join the small world of Aquatics if you are looking for a career that is both fun and challenging.

## Lifesaving Society National Lifeguard

(40 hrs)

**Prerequisite:** Bronze Cross, Standard First Aid and a minimum of 16 years of age.

The Lifesaving Society's national Lifeguard certification builds on the fundamental skills, knowledge, fitness, judgment and values taught in the prerequisite Lifesaving Society lifesaving certification. Recognized as the standard for lifeguards in Canada, National Lifeguard training develops a sound understanding of lifeguarding principles, good judgment and a mature and responsible attitude toward the role of a lifeguard. The primary role of National Lifeguard is the prevention of emergency situations and the timely and effective resolution of emergencies. The National Lifeguard certifications prepares lifeguard to fulfill this role as professional facilitators of safe, enjoyable aquatics. The National Lifeguard program develops the basic lifeguarding skills, principles and decision making process to help lifeguards evaluate and adapt to different aquatic facilities and emergencies.
